Even if the Government paid for development of an item, or if an item has a military origin, a commercial market can subsequently develop for that item. The issue of who paid for development should factor into the contract negotiations but is not part of the commercial item determination.

PGI 90.1601 Strategic Supplier Alliance Process

4. Stakeholders meet to determine SSA focus/common strategic goals and establish plan of action and milestones (POA&M) for the Strategic Supplier Alliance (SSA). Once benefit analysis has begun among the stakeholders, the responsible supply chain conducts an SSA focus meeting. Ideally, the focus meeting should occur prior to contact with the candidate supplier. Stakeholder participation in SSAs is a GO/NO-GO decision. A GO decision indicates a stakeholder will join DLA in the SSA process. A NO-GO decision indicates the stakeholder will not take part in DLA SSA efforts.
